Amendments to the Specification

Please replace the paragraph beginning at page 29, line 2 with the following paragraph:

~~Ion-texturing methods and articles are disclosed.~~ The invention described herein relates to ion texturing a nontextured surface while exposing the surface to one or more reactive species, such as nitrogen and/or oxygen to form a biaxially textured surface having a different chemical composition than the nontextured surface.

09/918,167

Please replace the paragraph beginning at page 1, line 2 through page 2, line 8 with the following paragraph.

INCORPORATION BY REFERENCE

—The following documents are hereby incorporated by reference: U.S. Patent No. 5,231,074, issued on July 27, 1993, and entitled "Preparation of Highly Textured Oxide Superconducting Films from MOD Precursor Solutions," U.S. Patent No. 6,022,832, issued February 8, 2000, and entitled "Low Vacuum Process for Producing Superconductor Articles with Epitaxial Layers," U.S. Patent No. 6,027,564, issued February 22, 2000, and entitled "Low Vacuum Process for Producing Epitaxial Layers," U.S. Patent No. 6,190,762, issued February 20, 2001, and entitled "Thin Films Having Rock-Salt-Like Structure Deposited on Amorphous Surfaces," PCT Publication No. WO 00/58530, published on October 5, 2000, and entitled "Alloy Materials," PCT Publication No. WO/58044, published on October 5, 2000, and entitled "Alloy Materials," PCT Publication No. WO 99/47307, published on April 8, 1999, and entitled "Substrates with Improved Oxidation Resistance," PCT Publication No. WO 99/46941, published on April 8, 1999, and entitled "Substrates for Superconductors," PCT Publication No. WO 98/58415, published on December 23, 1998, and entitled "Controlled Conversion of Metal-Oxyfluorides into Superconducting Oxides," PCT Publication No. WO 01/41428, published on February 15, 2001, and entitled "Multi-Layer Articles and Methods of Making Same," PCT Publication No. WO 01/08232, published on February 1, 2001, and entitled "Multi-Layer Articles And Methods Of Making Same," PCT Publication No.
